

Nimbus Security & Single Sign-On

Single sign-on (SSO)

Nimbus supports SAML 2.0 based single sign-on with providers including Okta, Azure AD, and Google Workspace.

- Available as a paid add-on on the Team plan
- Included at no extra cost on the Enterprise plan
- Not available on the Starter plan

Data encryption

All customer data is encrypted at rest using AES-256 and in transit using TLS 1.2 or higher.

Compliance

Nimbus maintains a SOC 2 Type II report, available to Enterprise customers under NDA. GDPR data processing addenda are available for all plans on request.
